

Updating the County's Existing Community Plans

The County has 14 existing Community Plans that guide the future use, character, and independent identity of a community. The County is updating these existing Community Plans to become more action oriented while moving goals, policies, and figures into the County Policy Plan. The graphic below illustrates where the contents of existing Community Plans will be in the updated Community Plans/ Action Guides and the County Policy Plan.

SEPT 2018

UPDATED & EXPANDED COUNTY POLICY PLAN

All goals, policies, and figures will be tagged on the Countywide Plan website with relevant geographies and topics to make it easier to find content applicable to your area.
